

2020 BrMUG Intro

Ed Lutgen

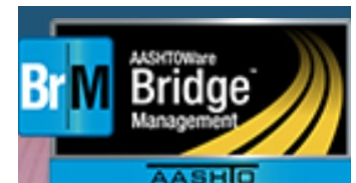

Minnesota DOT

Bridge Construction and Maintenance Engineer

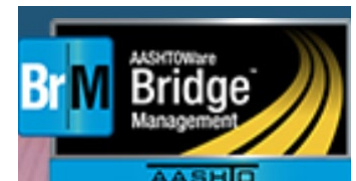

Welcome

- 2020 BrMUG – Virtual
- 2021 BrMUG – Minneapolis, MN
 - September 14 - 15, 2021 at the Embassy Suites by Hilton Downtown Minneapolis
 - Bring your face masks, earliest measurable snow took place September 14 in 1964 (Duluth)
- Full program today and tomorrow
 - Survey driven agenda
- Please be patient with the technical issues
- Please follow the virtual protocols

MnDOT BrM Use

- BrM user for almost 30 years
- Assetwise/InspectTech for inspection data collection, and data is moved to BrM 6.3 via “BrM Synch”
- BRIM is MnDOT’s “home-grown” internal modeling tool
 - Soon utilizing BrM for element/NBI deterioration modeling
 - Also plan to move up the Pyramid and achieve Scenario Planning
- Next year more detailed presentation on MnDOT use

Thanks

- Presenters
- Task Force
- User Group Officers and Community
- Mayvue
- And lastly Judy!!
 - Judy - jtarwater@aaashto.org
- Stay safe. Physically distance while socially engage.
