I-80 PENINSULA BRIDGE | OHIO TURNPIKE

Photo by Igor Olyanik

AASHTO Ware™

BRIDGE

MANAGEMENT

The background of the slide is a black and white photograph of a large, multi-arched concrete bridge structure. The perspective is from below, looking up through the arches, creating a sense of depth and repetition. The sky is overcast, and the ground below the bridge appears to be covered in snow or frost, with some bare trees visible in the distance.

USER COSTS

USER COSTS

USER COSTS

Cost to do nothing:

- Capacity (Traffic delay)
- Eventual Closure
- Weight limits

Cost to do something:

- Capacity reduction (phased)
- Detour (closure)
- Production rates

USER COSTS
